

# ROBOTBRAG 2021

Join Odense Robotics Sønderborg Hub at Robotbrag 2021 on 26 August in Odense.

Odense Robotics Sønderborg Hub, would like to invite you and your colleagues for a day with networking, exciting visits and presentations in Odense in combination of Robotbrag 2021.

## Program:

08:00 Transport from Domicilet – OR serves breakfast and coffee

10:00 Company visit at Nordbo Robotics

11:00 Presentation from Centre for Clinical Robotics

12:00 Lunch at Odense Robotics

13:30 Robotbrag 2021

16:30 Transport to Domicilet

## Robotbrag 2021

Participants will have the opportunity to gain new inspiration and experience the latest technology from the industry, talk to robotics, automation and drone specialists, and meet robotics suppliers at DIRA Business.

### Nordbo Robotics:

Develops robotic software that enables complex surface processing automation and quality inspection in grinding, sanding, finishing, deburring, dispensing and painting applications.
